Dear Mr. Mallaraj Urs:

We were hoping to hear something from you about the specimens that we had sent to you on 20-3-1951, but were disappointed to find that they have not even been acknowledged.

I would feel thankful if you would kindly write a line or send a telephone message and oblige.

We have been looking forward to the active sympathy and support of His Highness in our efforts. I have made a suggestion regarding the processing of some of the best products of the Palace Orchards for use during off-seasons, and I trust that our proposal will be appreciated and acted on.

With kind regards,

Sri A.V. [illegible]

Yours Sincerely,
V. Subrahmanyan
